

28/11/07

I am PCSO Lisanne Fry, I am the Police Community Support Officer for Hartley, Ash and Hodsoll Street. I have been patrolling Hartley since September and have been enjoying getting to know the community. My role involves listening to peoples concerns, tackling minor crimes such as criminal damage, theft, graffiti, anti-social behaviour, and dealing with nuisance youths in the area. When I say dealing with nuisance youths, it is not always in stringent rigid ways, quite recently PCSO Maycock and myself went to an activity centre called Treejumpers, where we took part in Paintballing with a group of youths from Hartley. This was a very successful day, and both parties seemed to gain a mutual understanding of each other, it is through events like these that we hope we can deter minor crime in the future. As of January I will be holding surgeries on a monthly basis, this will take place in the local Hartley Parish library. The aims of these surgeries are to enable people to voice their concerns and opinions, but to also discuss positive actions within the community. If anyone has any issues, you can contact me on 0777 2226041.
